

UNDER THE INFLUENCE: ADDRESSING VAPING, ALCOHOL AND CANNABIS

Join the PLT and GPS for an in-person documentary screening and discussion

While most documentaries about substance use focus on severe addiction, Screenagers Under The Influence fills a pressing need for a film that explores more common scenarios. The film is grounded in teens' current reality of being flooded by images on social media, movies, and TV shows about vaping, drugs, and alcohol.

2 FREE CEU's offered for counselors, social workers, nurses (*must attend in person*).

Timothy Fong MD (Glenbard West class of '90) is a Clinical Professor of Psychiatry at the Institute for Neuroscience and Human Behavior at UCLA, will lead discussion following screening.
